10960NAT Diploma of

Breastfeeding Management

Upgrade your knowledge and skills to support breastfeeding mothers and babies

The Australian Breastfeeding Association has a long tradition of providing high-quality, evidence-based breastfeeding education for health professionals.

Nationally recognised accredited course

The **10960NAT Diploma of Breastfeeding Management** is a nationally recognised accredited course.

Designed with your needs as a health professional in mind, this course will help you further develop your skills and knowledge in lactation support.

We offer a range of **flexible study options** to support you to successfully complete this course, including distance education. Learners need to participate online in some workshops on the days they are run.

Course content

The 10960NAT Diploma of Breastfeeding Management offers a unique opportunity for you to build your skills and knowledge in the following areas:

- the anatomy and physiology of human lactation
- management of common breastfeeding problems
- providing counselling to support breastfeeding
- infant and maternal nutrition during lactation
- protecting and supporting breastfeeding
- evaluation of human lactation research

'My knowledge base and counselling skills have improved remarkably since I commenced the Diploma of Breastfeeding Management. The evidence-based knowledge I have gained through my studies, is used every day with the mother and baby dyads I provide care for in my work as a midwife.'

2022 learner

Australian College of Midwives **CPD Endorsed hours** and other professional development points may apply.

Delivered by experts

The course is delivered by a team of Australian Breastfeeding Association experts.

The course requires completion of 12 units of study (eight core and four elective units). This is achieved by combining self-directed study, one day workshops and assessments for each unit.

'I have just started the course but feel much better with my understanding of breastfeeding and feel much more confident in supporting new mums to breastfeed their babies.'

2022 learner

Workshop location

Workshops are held online.
